(2) Our school's measures for creating an inclusive learning environment included (one or more options can be selected)#:

- Translating major school circulars/important matters on school webpage
- Organising activities which promote cultural integration/raise sensitivity to diverse cultures and religions (please specify):

Our school's Community Youth Club has organised a range of activities to raise students' awareness of ethnic minorities in Hong Kong. For instance, we collaborated with The Services for Ethnic Minorities Unit of HKSKH Lady MacLehose Centre in holding workshops about 'The Cultures of Ethnic Minorities' and conducting visits to the ethnic minority groups, with a view to letting our students know more about their ways of life. However, due to the COVID-19 pandemic, the planned physical visit had to take place in a different form: a meeting on Zoom. Through online games of different kinds, our students and the ethnic minority groups could exchange ideas and deepen mutual understanding. In this way, the building of an inclusive school culture is achieved.

- Providing opportunities for NCS students to learn and interact with their Chinese-speaking peers in school or outside school (e.g. engaging NCS students in uniform groups or community services) (please specify):
